- **Valuation Risk:** Investment Advisor will assess the Portfolio Entities from varied valuation parameters to establish whether the valuations are reasonable while creating the model portfolio and reassess the same from time to time.
- **Market Risk:** Investment Advisor endeavors to create a portfolio of Entities /Companies using bottom-up fundamental research rather than trying to time the markets. However, in order to mitigate Market Risk, the Investment Advisor will monitor and analyze the market and economic circumstances from time to time that may affect the performance of the Portfolio Entities.
- **Liquidity Risk:** While investing in equities and Portfolio Entities, liquidity constraints are potential near-term risk while investing and disinvesting in the Portfolio Entities. The Investment Advisor endeavors to mitigate the risks by investing, creating a portfolio with a medium to long term time horizon.
- **Service Provider Risk:** Investment Advisor is reliant upon the performance of third-party service providers for their functions. Weak control over technology used in the third-party arrangement may result in threats to security and the integrity of systems and resources, which can have materially detrimental impact upon the operations of RSTPL. These issues could result in unauthorized transactions or the inability to transact business as expected. The Investment Advisor endeavors to mitigate these risks by entering into the arrangement with regulated entities and/or incorporating indemnity clause in agreement entered with service providers.
- **Other Risks:** The advisory portfolio offered by the Investment Advisor is suitable for clients with high risk profile. The Investment Advisory does not offer any assured / guaranteed returns. Investment in securities market are subject to market risks. Please read the key information and disclosure document and other allied documents carefully before investing.

RSTPL is not liable or responsible for any loss or shortfall resulting from the operations of the model advisory portfolio.
